

## CURRICULUM VITAE

### 1. Personal Information:

Mark L. Cannon D.D.S., M.S.  
Northwestern University  
Feinberg School of Medicine  
Division of Dentistry  
Ann and Robert Lurie Children's Hospital  
225 E. Chicago Avenue  
Chicago, Illinois 60611

Grove Medical Center Suite 308  
4160 Illinois 83  
Long Grove, Illinois  
60047  
(847)634-6166

548 Wayland Avenue  
Kenilworth, IL 60043

[markcannon@northwestern.edu](mailto:markcannon@northwestern.edu)  
[cannon.m@comcast.net](mailto:cannon.m@comcast.net)

Birth: January 24, 1953  
Fairbury, Nebraska  
U. S. Citizen

### 2. Education:

University of Nebraska (Pre-Dental)  
Lincoln, Nebraska, 1978

Northwestern University School of Dentistry  
Masters of Science (Pedodontics)  
Chicago, Illinois, 1981

### 3. Graduate Education:

Children's Memorial Hospital  
Certificate ( Pediatric Dentistry)  
Chicago, Illinois 1980

Children's Memorial Hospital  
Anesthesiology Clerkship, 1979  
Chicago, Illinois 1979

Armed Forces Institute of Pathology  
Certificate (Forensic Odontology)  
Bethesda, Maryland 1981

**4. Board Certification and Licensure:**

Dental License: Central Regional Boards  
Northeast Regional Boards  
National Boards, Parts I and II  
Illinois License

Specialty  
Certification: American Board of Pedodontics,  
Part I (written), May, 1980

Illinois Specialty Board - Pedodontics  
Diplomate - February, 1986

American Board of Pedodontics  
Diplomate - February 1986

**5. Faculty Appointments:**

Professor  
Department of Otolaryngology  
Division of Dentistry  
Feinberg School of Medicine  
Chicago, Illinois 60611

Guest Lecturer (1982 to 1984)  
Dental Hygiene  
Harper College, Palatine, Illinois

Guest Lecturer (2004- present)  
Pediatric Dentistry  
University of Illinois  
Chicago, Illinois

Guest Lecturer (2001 –present)  
Pediatric Dentistry  
Sao Paulista State University  
Aracatuba, Brasil

Guest Lecturer- Pediatric Dentistry (2006-9)  
University of Nevada Las Vegas  
School of Dental Medicine, 2003 to 2006

Guest Lecturer- Pediatric Department, (2007-2010)  
Nova Southeastern University  
Fort Lauderdale, FL

**6. Hospital Appointments:**

Courtesy staff - Northwest Community Hospital  
Attending Physician – (Children Memorial Hospital) Ann and  
Robert Lurie Children’s Hospital of Chicago

**7. Committee Service**

Curriculum Committee, 1980 - 1986  
Selective Committee, 1980 - 1982  
Dental Council, 1981 - 1983  
Awards Committee, 1982 - 1986  
Interdisciplinary Subcommittee, 1982 - 1983

**8. Awards, Honors, Distinctions:**

Chairperson- International Association Pediatric  
Dentistry Meeting, Posters Awards, Athens, Greece,  
June, 2011

Consultant, Delta Dental Plan, 1984 – 1987

Consultant, Bisco Incorporated, 1987 –present

Honorary member, Alpha Omega Fraternity  
June 2, 1983

Consultant, GC America, 1999 to present

Dean’s List, University of Nebraska  
College of Dentistry, Lincoln, Nebraska  
September, 1974 to May, 1978

## **9. Professional Societies:**

Fellow - Academy of Dental Materials  
American Academy of Pediatric Dentistry  
International Association of Paediatric Dentistry  
American Dental Association  
Chicago Dental Society  
Illinois Society of Dentistry for Children -  
-Past member executive council  
Illinois Association of Dental Research  
International Association of Dental Research  
Illinois Society of Dentistry for Children -  
president elect, 1983-1984  
Illinois Society of Dentistry for Children -  
president, 1984 – 1985

## **10. Teaching:**

Northwestern University Dental School:  
Clinical Instruction - People's Clinic, 1978 to 1980.

Clinical Instruction - Junior and Senior Classes,  
1980 to 1999.

Pedodontic Technique - Sophomore Class, Twelve Lectures  
and Twenty Lab Sessions per year, 1980 to 1986.

Pedodontic/Orthodontic Literature Review - Junior and Senior  
Classes, Ten Sessions Per Quarter, 1980 - 1986.

Pediatric Hospital Dentistry - Junior and Senior Classes,  
Average of Six Full Day Sessions per Quarter, 1982 to 1986.

Pediatric Dentistry Literature Review - Graduate Courses with  
Twelve Sessions Per Quarter, 1980 to 1989, at Children's  
Memorial Hospital

Therapeutics - Junior Class, Two Lectures Per Year,  
1981 to 1984.

Growth and Development - Freshman Class, One Lecture Per  
Year, 1980 to 1985.

Composite Resins - Post-Certificate Dental Hygiene, Full Day Seminar and Technique Lab, 1981 to 1987.

Periodontal Disease in Children - Dental Hygiene, Lecture and Discussion, 1981 to 1987.

Sedation, Behavior Management, General Anesthesia, Relative Analgesia, Traumatic Injuries and Treatment, Esthetic Restorations for the Young Dental Patient- Sophomore Classes, 1980 to 1999.

Research Director for Graduate Program in Pediatric Dentistry, Children's Memorial Hospital, 1999 to present.

### **Pediatric Dental Seminar and Research Coordinator**

The Pediatric Dentistry seminar series covers in depth almost all of the clinical techniques necessary for providing advanced Pediatric Care. Basic operative and surgical skills that were developed in Undergraduate training are not mentioned in the seminars, as they should already be well developed. The series is presented over two years and every attempt is made not to duplicate any presentations. However, due to the necessity of introducing the first year residents to the course some repetition may occur.

The Research Development is necessary for continuing the integrity of the advanced education curriculum. In addition, residents will learn to be objectively critical of published research they read in the Literature. The value of the Research Development is most apparent in the second year of residency. The Research Projects may involve working with the Oral Biology Department of Northwestern University, especially with Drs. Art Veis and Stuart Stock, both having contributed to previous pulpal research studies. Research is also performed at Argonne National Laboratories. This Pediatric Dental residency is the only one in the nation to perform Synchrotron radiation studies on remineralization and demineralization. It is also the first to perform Probiotic research (IRB approved).

## **11. Research**

Principal Investigator- IRB approved probiotic research and IACUC approved Swine study at Center for Comparative Medicine.

Principal Investigator- Retrospective Review of Probiotic Therapy-  
an IRB approved study.

## 12. Scholarly Bibliography

### **17. Presentations: (since 2005)**

Advances in Esthetic Pediatric Dentistry- (To the Chicago Dental Society, Mid-Winter Meeting, February 24-27, 2005).

Update in Esthetic Pediatric Dentistry- (To the Brazilian Pediatric Dental Society, Recife Meeting, May, 2005).

Modern management of Dental Caries; Restoring the Pediatric Dentition- (To Southern Illinois University Alumni Meeting, Edwardsville, Illinois, July 2005.)

Advances in Esthetic Pediatric Dentistry- (To the faculty and graduate students of the School of Dental Medicine, University of Nevada, Las Vegas, Jan 2006).

Development of New Light Cured Pulp Capping Agents- Update in new Clinical and Laboratory Research- (To the International Training Symposium, Schaumburg, Illinois, February, 2006).

Update in Infant Oral Health, Continuing Education Module- (To the Academy of Pediatric Dentistry, Annual Meeting, Cincinnati, OH, May 2006).

Update in the “Open Sandwich Technique” and Retrieval Analysis, Continuing Education Module, - (To the Academy of Pediatric Dentistry, Annual Meeting, Cincinnati, OH, May 2006).

Effects of Different Pulp Capping Agents on Hard Tissue Bridge Formation- (To the European Academy of Pediatric Dentistry, Amsterdam, Netherlands, June 2006).

Minimally Invasive Dentistry- (To the 37<sup>th</sup> Meeting of the Group of Brazilian Orthodontic and Pediatric Dental Professors, Porto De Galinhas, Brasil, November 2006.)

Development of TheraCal- (To the Adhesion Symposium and International Distributors Meeting, Schaumburg, USA, February, 2007.)

Update in Minimally Invasive Dentistry- (To the Annual Meeting of the International Association of Pediatric Dentistry, Hong Kong, June 2007.)

Update in Conservative Esthetic Pediatric Dentistry- (To the Chulalongkorn University Conference, Bangkok, Thailand, June 2007.)

Update in Minimally Invasive Dentistry- (To the Columbus Dental Society, Columbus, Ohio, September 2007.)

Clinical Application of TheraCal in Minimally Invasive Dentistry- ( To the International Training Seminar, Westin Hotel, Schaumburg, IL, February, 2008.)

Minimally Invasive Dentistry in Modern Pediatric Dental Practice- ( To the Racine Dental Society, Racine Wisconsin, March 2008.)

Minimally Invasive Dentistry- (To the Pediatric Department, Nova Southeastern University, March 2008.)

Modern Management of Dental Caries- (To the Australasian Pediatric Dental Association, Brisbane, Australia, April 2008.)

New Developments in Restorative Care- An Update in Minimally Invasive Dentistry- (To the Pediatric Dentistry Association of Asia, Kuala Lumpur, Malaysia, July 2008.)

Minimally Invasive Dentistry in Modern Pediatric Dental Practice- (To the Pediatric Department, Nova Southeastern University, September 2008.)

Modern Management of Dental Caries- (To the Moscow State University Dental Conference, September, 2008.)

Minimally Invasive Dentistry in Modern Pediatric Dental Practice- ( To the St. Petersburg State University Dental Congress, Russia, October, 2008.)

Minimally Invasive Dentistry in Modern Pediatric Dental Practice- ( To the Wisconsin Pediatric Dental Society, November, 2008.)

Update in Minimally Invasive Dentistry- ( To the Chicago Dental Society, Mid Winter Meeting, February, 2009).

Probiotics and Pediatric Dental Practice- (To the Academy of Pediatric Dentistry, Annual Meeting, May 2009).

Minimally Invasive Dentistry in Modern Pediatric Dental Practice- ( To the Nova Southeastern Dept of Pediatric Dentistry, November, 2009.)

Probiotics and Preventive Dentistry- (To the Dental Hygiene of Harper College, December, 2009.)

Probiotics and Pediatric Dental Practice- (To the Iowa Academy of Pediatric Dentistry, Annual Meeting, March, 2010).

Effects of an Antibacterial and Hemostatic Agent on the Mechanically Exposed Dental Pulp of Swine – (To the Korean Academy of Pediatric Dentistry, Seoul, Korea, April, 2010).

Probiotics and Pediatric Dentistry- (To the Seoul National University Dental Hospital, Seoul Korea, April, 2010).

Update in Pediatric Dentistry and Minimally Invasive Dentistry- (To the Pediatric Dental Graduate program, UNESP, Aracatuba, Brazil, September 2010).

Minimally Invasive Dentistry- (To the Annual Congress of the Mexican Academy of Pediatric Dentistry, Torreon, Mexico, October, 2010).

An Evolutionary Approach to Revolutionary Changes in Pediatric Dentistry-(To the Chicago Dental Society, February, 2011).

Dental Diode Lasers in Pediatric Dentistry-(To the American Academy of Pediatric Dentistry, Annual Meeting, New York, New York, May 2011).

Preservation of the Dentin Hybrid Layer- (To the faculty and graduate students, Universite Paris Descarte, June 2011).

Bonding You Can Depend On-(To General Dental Study Club, Athens, Greece, June 2011).

Preservation of the Dentin Hybrid Layer- (To the International Association of Pediatric Dentistry, Athens Greece, June, 2011).

Gingivitis, Oral and Systemic Health, and Probiotics-(To the Annual Probiotics Symposium, Alexandria, VA, September 2011).

The Use of Probiotics for the Prevention of Dental Disease- (To the Elite Dental Study Club of Chicago, February, 2012).

Update in Pediatric Dentistry -(To the Utah State Dental Society Annual Meeting, Salt Lake City, Utah, February, 2012).

Update in Minimally Invasive Pediatric Dentistry-(To the McHenry Dental Society, Crystal Lake, IL, March 2012).

Update in Pediatric Dentistry-(To the Midwestern Dental Meeting, Wisconsin, October, 2012).

Update in Pediatric Dentistry-(To the Academy of General Dentistry, Annual Meeting, November, 2012).

Probiotics and Preventive Dentistry- (To the Conley Study Group, November 2012).

The New Mission of Contemporary Pediatric Dentistry: Preserving Pulp Vitality and the Hybrid Layer- (To the Academy of Pediatric Dentistry, Orlando, Florida May 2013).

The Development of Smart Dental Materials: A Clinician's Experience- (To the American Academy of Pediatric Dentistry, Orlando, Florida May 2013).

Bioactive Dental Materials- Development of Smart Materials-(To the Annual Meeting of the International Association of Paediatric Dentistry, Seoul, Korea, June 2013).

Dental Care for EB Patients- (To the Annual Picnic of EB parents, Palatine, IL. September 2013).

Changing Concepts in Clinical Practice of Pediatric Dentistry- (To the Annual Meeting of the Mexico Association of Pediatric Dentistry, Mexico City, October 2013).

BioActivity and Dental Materials- (To the Chicago Dental Society Mid-Winter Meeting, February, 2014).

Special Needs Children: Oral Care and Probiotics- (To the Special Care in Dentistry Association Annual Meeting, Chicago IL., April 2014).

Effectiveness of Probiotics in the Oral Health of Children- (To the Michigan Avenue Dental Study Club, Chicago, IL., May 2014).

Effectiveness of Probiotics in the Oral Health of Children- (To the Chicago Academy of Dental Research, Glenview, IL., May 2014).

TheraCal Research and Applications- (To the Adhesion Symposium, Itasca, IL., August 2014).

Oral Care for Patients with Epidermolysis Bullosa- (To the DEBRA Conference, Nashville TN, August, 2014).

The Evolution of Pediatric Dentistry; Changing Concepts in Clinical Practice- (To the Ohio Dental Association Annual Meeting, September 2014).

Recognizing the Oral Systemic Link in our Children- (To the American Academy of Oral Systemic Health annual meeting , St. Louis, September 2014).

Dental Practice with a Whole Body Approach- (To the American Academy of Oral Systemic Health, St. Louis, September 2014).

Changing Concepts in Clinical Practice- (To the Annual Meeting of the Michigan Academy of Pediatric Dentistry, Ann Arbor, October 2014).

TheraCal: Preserving Pulpal Vitality- (To the University of Texas- Houston Dental School Faculty, November, 2014).

Preserving Pulpal Vitality- (To the Conley Study Club, Glenview, March 2015).

TheraCal and Clinical Applications- (To the University of Alabama College of Dentistry Faculty, May, 2015).

In the beginning... the microbiome and Oral Systemic Health- (to the Birmingham Dental Society meeting, May 2015).

Standing at the crossroads... - (To the American Academy of Pediatric Dentistry, Seattle, WA. May 2015).

Retrospective Review of Probiotic Therapy- (To the International Association of Paediatric Dentistry, Glasgow, Scotland, July 2015).

In the beginning.... The microbiome and Oral Systemic Health- To the American Academy of Oral Systemic Health, keynote speaker, Annual Meeting, Dallas, Texas, September, 2015).

In the beginning... the microbiome and Oral Systemic Health- (To the North Suburban Chicago Dental Society Meeting, November 2015).

Polyols and the Microbiome- (To the Special Care in Dentistry annual meeting, Chicago, IL April 2016).

Biologic Materials for Pulpal Therapy- (to the American Academy of Pediatric Dentistry. San Antonio TX, May 2016.

Autism Spectrum Disorder and the Microbiome- the surprising connection- (To the American Academy of Pediatric Dentistry, San Antonio, TX, May 2016).

Changing Concepts in Clinical Practice: Update in Pediatric Dentistry- (To the Exel Continuing Education Seminar Phoenix, AZ June 2016).

Hypophosphatasia: Oral manifestations and oral preventive care- (To the Magic Foundation patient care conference, Oak Brook, IL July 2016).

Oral Health Care for Patients with Epidermolysis Bullosa- (To the Dystrophic Epidermolysis Bullosa Research Association care conference, Dallas, Texas, July 2016).

Oral Systemic Health: From pre-natal to pre-adolescent- (To the World Congress of Baby Oral Care, Aracatuba, Brasil. October 2016).

Biologic Material for Pulpal Health- (To the Las Vegas Institute, Las Vegas, NV October, 2016).

New Concepts for the Prevention of Disease- (To the Northwest Community Hospital Medical Staff, Annual Continuing Education seminar, October, 2016).

Changing Concepts in Clinical Practice: Update in Pediatric Dentistry- (To the Exel Continuing Education Seminar San Jose, CA. October 2016).

Changing Concepts in Clinical Practice: Update in Pediatric Dentistry- (To the Exel Continuing Education Seminar Seattle, WA. November 2016).

Diagnosing Hypophosphatasia: The significance of low serum alkaline phosphatase and its consequences- (To the Dental Division, Department of Otolaryngology, Feinberg School of Medicine, Northwestern University, Chicago IL. November 2016).

Diagnosing Hypophosphatasia: The significance of low serum alkaline phosphatase and its consequences- (To Detroit Medical Center, Detroit MI. November 2016).

Biologic Materials for Pulpal Health- (To the University of Michigan, Ann Arbor, Department of Pediatric Dentistry, Ann Arbor MI. November, 2016).

Changing Concepts in Clinical Practice: Update in Pediatric Dentistry- (To the Exel Continuing Education Seminar Anaheim CA, December 2016).

Diagnosing Hypophosphatasia: The significance of low serum alkaline phosphatase and its consequences- (To Illinois Masonic Medical Center, Chicago, IL. January 2017).

Nature: Love It Or Leave It!- (To the AAOSH MidWinter Seminar, Chicago, IL February, 2017).

Changing Concepts in Clinical Practice: Update in Pediatric Dentistry- (To the Exel Continuing Education Seminar Houston, TX, February 2017).

Changing Concepts in Clinical Practice: Update in Pediatric Dentistry- (To the Exel Continuing Education Seminar Chicago, IL, April 2017).

Diagnosing Hypophosphatasia: The significance of low serum alkaline phosphatase and its consequences- (To Detroit Medical Center, Detroit MI. April 2017).

Patents:

U.S. Patent 5,806,739  
Automatic Mixing Syringe for Dental Materials

U.S. Patent 5,690,490  
Method and Apparatus for Fabrication of Dental restoration by  
Pinhead Molding

U.S. Patent 2008/0318190 A1  
Polymerizable Dental Pulp Healing, Capping, and Lining  
Material and Method for Use
